EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech. CSE(Aiml)	Bennett UNiversity	8.75	Expected – 2027
Senior Secondary	Andhra Pradesh Board	93.1%	2021-23
Secondary	SSC Board	10.0	2021

PROJECTS

- **Ai Smart Interviewer** Aug. 2024 - Dec. 2024
Machine learning project Github
 - Helps users prepare for interviews. It customizes questions based on the job role they are aiming for and uses a Machine Learning model to simulate real interview scenarios. Additionally, it analyzes facial expressions to detect emotions like confidence and nervousness, providing valuable feedback after the practice sessions..
 - Made using: Gemini-API, Python, OpenCv, Keras, Java Script
- **Vidhi Chat-Bot** Aug. 2024 - Aug. 2024
ML- Chat Bot Github
 - Chatbot for the Smart India Hackathon (SIH), where our team proudly secured 79th place nationally. The chatbot was built to assist users by offering features like Fast-Track Court details, Case Status Tracking, and even live streaming of court cases. It also provided easy access to the National Judicial Data Grid (NJDC) for real-time updates on case pendency and kept users informed about judicial appointments and vacancies.
 - Made using: Python, OpenAi, JavaScript, Api
- **EasyApply** Apr. 2025 - Apr. 2025
AiML Project Github
 - a product designed to simplify the job-hunting journey for students and professionals, Our Ai model Analyze user resumes, Match them with the most suitable job descriptions, and Auto-apply to relevant opportunities — making job applications faster, smarter, and more efficient.
 - Made using: Python, OpenAi, Typescript, Tailwind css, OpenaiApi
- **TalentSphere :** ongoing
Web Development and AIML
 - A platform where students collaborate on real-world industry projects, build skills, and earn rewards.
 - Made using: Reactjs, Tailwind Css, Python (Django), POstgresql

TECHNICAL SKILLS

- **Programming:** C/C++, Python
- **Development:** HTML, CSS, JavaScript, Flask, Django
- **Databases:** MySQL, PostgreSql(familiar)
- **FrameWorks:** Familiar with Tensorflow, OpenCv, Gemini, Pyttsx3
- **CS Subjects:** Data structures and Algorithms, OOPs concepts
- **Deep learning:** Familiar with Tensorflow, Keras, Standard Deep learning models and concepts

ACCOMPLISHMENTS

- **Smart India Hackathon**, Secured the 79th position in SIH (Smart India Hackathon).
- **Founder – stujya**, Developing a startup aimed at bridging the gap between Students and industry.

PARTICIPATIONS

- **SIH**, Participated is smart india hackathon and secured 75th rank out of 400+ teams. 2024
- **IIT Delhi Adobe Hackathon**, Participated is IIT delhi - Adobe hackathon. 2025
- **Children who code**, Worked as a PR representative for our ma'am's startup. 2024
- **Volunteer**, Volunteer in the upcoming DAA Hackathon. 2025
